Barry-

I cannot fax the reclamation contract per your request. The faxed version cannot serve as an original. When are you coming to Salt Lake? Come into the office, bring your ID and you can sign here. We have three notaries on site.

Lynn Kunzler indicated that you visited the office awhile ago and left without signing the contract. I am not sure what the influencing factors were, but it is necessary to make this action a priority at this point in time.

Beth,

I don't think Lynn nor myself
even thought about making it
that simple. (were men)
